## Overview

⬜ Compatible with your device

Make the web faster, more private, and more secure.

Disconnect lets you visualize and block the invisible websites that track you. Load the pages you go to 44% faster. Stop tracking by thousands of third-party sites.

Disconnect was named the best privacy tool by the New York Times (2016), Innovation Award winner for Best Privacy and Security software at South by Southwest (2015), listed as one of the 100 best innovations of the year by Popular Science and one of the 20 best Chrome extensions by Lifehacker.

Disconnect is open-source <http://git.io/Do5OtA>, pay-what-you-want software <https://disconnect.me/support>.

You can get help on our site <https://disconnect.me/disconnect/help>.

Note: Green (or checked) means blocked!
